Holcim (US) Inc. has received tentative approval for the Skull Valley Diatomaceous Earth Mine, file number M0450060. Holcim has fulfilled the conditions in the tentative approval letter by submitting two complete copies of the mine plan and by submitting a reclamation surety in the amount of \$170,900.00. Due to an incorrect tentative approval date on the reclamation contract, page three, provision number one (1), of the reclamation contract shall be replaced with the following statement:

WHEREAS, Operator desires to conduct mining operations under Notice of Intention (NOI) File No. M0450060 which has been approved by the Division under the Utah Mined Land Reclamation Act, Sections 40-8-1 et seq., Utah Code Annotated, (2005, as amended) (hereinafter referred to as "Act") and the regulations adopted pursuant to the Act.

In addition, the following terms and conditions are incorporated into the reclamation contract:

The Reclamation Plan is intended to establish methods, plans, specifications, and other details required by the Act and regulations as they pertain to the lands affected by mining operations, and no provision of the Reclamation Plan shall be interpreted to diminish the requirements of the Act and regulations. The Operator shall be responsible for reclamation of all such Lands Affected regardless of errors or discrepancies in the maps or legal descriptions provided with the NOI or Reclamation Plan, which are primarily intended to assist in determining the location of the mining operations, to describe the areas of disturbance, and to assist estimating the amount of surety required.

This letter serves as an acknowledgment and approval of the following:

- **MAPS:** Any revisions incurred after October 26, 2005 are identified in the Amended Notice of Intention to Conduct Exploration. Otherwise Attachment A identifies the map(s);
- **LEGAL DESCRIPTION:** Any revisions incurred after October 26, 2005 are identified in the Notice of Intention to Conduct Exploration (as amended), otherwise, Attachment A identifies the legal description;
